All about this place is super designed like the picture gallery, house design, customer service, bill holder and not to mention Parkdale Special Burger (I got all rewarded when I see it). The only drawback is it took them too long to serve the dishes, otherwise they are amazing!!! [View all feedback](#). What [User](#) doesn't like about Parkdale Burger:

Creative presentation I must say, they should work on taste however. I went to the place to find a unique taste, but fairly disappointed. Local favors are not represented. [View all feedback](#).
